Dear Bryan J Anderson:

The course you completed was designed to provide the 4-credit hours for the one-time annuity training required by your state and/or your insurer. Satisfying the training requirement for this state may be deemed acceptable to satisfy a similar training requirement in another state. Since insurers are responsible for verifying that producers have completed an approved 4-hour annuity training course, WebCE® is providing you with the following “4-Hour Annuity Training Acknowledgement.” This acknowledgement is evidence of your successful completion of WebCE’s course that was designed to meet the 4-hour training requirement.

Your insurer can also use your Certificate of Completion to verify your successful completion of this course.
